**Subject:** K-Series Short and Long Term.ppt

<< File: K-Series Short and Long Term.ppt >> ike,

please find attached.
Do not distribute or share the 3-Mo. timelines. the warrant confirmation with MDS and others. We need a protocol draft etc.... before.

Regards,

Martin

NB Do you need the timelines for the Exercise Study as well?

**To:** Michael.Szwanek
**Cc:** Unverdorben, Martin
**Subject:** Re: EHCJLI/04/03-Repeat Menthol Study

**Sensitivity:** Confidential

Mike,

In section 6.2, it states that randomization will be stratified by race, gender and smoking topography. In biostatistics, stratified randomization refers to a statistical procedure. If in fact the randomization will not follow the statistical procedure, rewording is needed.

Regards,

Qiwei

All,

RE: EHCJLI/04/03-Menthol Short Term

Attached are the final protocol and selected attachments dated Febr 28, 2003 and the draft ICF that were delivered to the IRB secretary this afternoon for the short term menthol study. This study will go to the IRB on Friday, March 7, 2003.

Thanks for all your help in assuring completion of these documents in a timely manner. The IRB secretary will be pleased as she wanted to deliver the packets to the IRB committee members this weekend for their review prior to the meeting.

Have a good weekend.

Thanks,

Michael F. Szwanek, Pharm D., MBA
